DIGITAL LOCKER **EGL-40**

Accessed by a code 3 to 8 digits long that's set by you, this safe provides protection to whatever you keep in it. A great option for a home office it has plenty of room for valuables and documents. The interior dimensions (H8" W18" and D19") mean it's big enough to safely store A4 documents lying flat. So your important papers, like wills or birth certificates, won't be crumpled or curled. It can also fit an average sized laptop along with other valuables.

Its concealed hinges and 5mm thick door and 2mm thick steel walls make it strong and sturdy. For additional security, the safe can be floor or wall mounted. The back of the safe has pre-drilled holes for easy wall mounting and 5cm fixings that are ideal for fixing to masonry (stonework).

- Digital keypad with LED display.
- 3 digit to 8 digit security code.
- Incorrect password entry alarm.
- Digital lock.
- Key lock option.
- 2 keys included.
- 2 x back up keys for manual override.
- Double locking steel bolts and concealed hinges.
- 4mm door thickness.
- Floor mountable.
- Wall mountable.
- Low battery warning.
- Batteries required: 4 x AA (included).
- Weight 11kg.
- Manufacturer's 2 year guarantee.
